

January 15, 2004  
Orosi Memorial Hall  
41645 Road 128, Orosi, CA

On January 15, 2004, thirteen people from Tulare County attended a planning workshop to participate in updating Tulare County's General Plan. Held at the Orosi Memorial Hall, the workshop provided an opportunity for attendees to assist in identifying overall planning issues and assets that should be focused on during the General Plan update. Attendees were asked to focus on the Culter-Orosi community rather than the County as a whole.

Participants worked as members of three planning teams. Each team identified top issues facing the Orosi and the County today and what they thought would be leading issues in the year 2025. In addition, they discussed what assets the County could enhance, protect, and build upon. Once they listed these, the teams mapped issues and assets within Orosi and the County. They also identified their favorite scenic places in the County.

Following the group discussions, the planning teams shared their efforts and observations with the entire group. The following pages summarize each planning team's issues and assets lists and maps. For each of the questions, the team's top three items (as selected by the team members) are highlighted in bold type.
